

A note before we begin —

The book is on its way.

Thank you for trusting us with something as small and specific as your child. Every book we make is written, illustrated, and narrated for one reader — never templated, never shared. Wherever your family's stories come from, they belong in these pages. Here's how we'll do it.

WHAT HAPPENS NEXT

1. Tell us about your child.

today, 5 min

Five minutes, one page. Their name, the things they love, and a picture book you love the look of.

2. We send you style previews.

within 24 hours

Two to four cover treatments in the art style we drew from your inspirations. You pick the one you love.

3. The book lands on your device.

3–4 days after approval

A full picture book with narration, delivered by link. Opens on any iPad or phone. No app, no login.

WHAT HAPPENS NOW

Watch your Etsy messages.

Within an hour of your order we'll send you a personal link to the intake form — five minutes, one page, all about your kid. If it hasn't landed by tonight, reply on Etsy and we'll resend.

IF ANYTHING FEELS OFF

Reply on Etsy and we answer, usually within a few hours. We're one household making these — the person who reads your note is the person making the book.
